

Providence Christian College will officially cease academic operations on June 30, 2026. To ensure the permanent availability of academic records, the College has entered into a formal agreement with **Westminster Seminary California (WSC)**, which will serve as the permanent **Custodian of Record**.

How to Access Your Records

Phase I: July 1, 2026 – June 30, 2028 During this two-year transition, all transcript requests and tax forms will continue to be processed through the existing student portal.

- **Request Portal:** pcc.populiweb.com
- **1098-T Tax Forms:** Accessible under the “**Financial**” tab of your user **Profile** within the Populi portal.

⚠ IMPORTANT: Update Your Login Email Before June 30, 2026, all users must log in to Populi and update their profile with a **personal, non-college email address**. This ensures that you can still utilize the "Forgot Password" feature once your @college.edu email account has been terminated.

Phase II: After June 30, 2028 After the initial two-year period, Westminster Seminary California will continue to maintain all Providence student records and institutional history in perpetuity. If the Populi portal is eventually retired, instructions for requesting records will be posted on the [Westminster Seminary California website](#).

Information for Alumni & External Agencies

- **Credential Verification:** Employers and background check agencies should use the Populi portal for verification through June 30, 2028.
- **Institutional History:** WSC maintains an "Institutional Narrative" including the college history and degree descriptions for graduate school or licensing board inquiries.
- **Fees:** Standard processing fees apply for all transcript and replacement diploma orders, as determined by the Custodian of Record.
